

CERTIFICATION

**Description of the FABER-CASTELL Marker Multimark permanent
(Ref. No. 1513../ 1523../ 1525..) and a Certification of the Safety**

The plastic materials of the Faber-Castell Multimark are polyolefine and polyester. The inks are alcohol-based.

The marker are consumer goods and not dangerous products or chemicals. Therefore a Safety Data Sheet isn't necessary under the existing regulations of the EU.

Faber-Castell takes heed of all laws and regulations during the production of products and for products.
